

Hallco HWT1 20 Second Hand Wash Timer

Helping to fight COVID-19 & Get back to business!
Hygienic, hands free operation.

The UK Government is advising businesses to support all staff to wash their hands for 20 seconds or more with soap and water, and to provide new additional hand washing facilities.

Meet your obligations for additional hand washing facilities with the Hallco HWT1 non-contact 20 second hand-washing timer.

- ✓ Suitable for workplaces, carehomes, hospitals, pubs, restaurants, café and public toilets.
- ✓ Non-Contact - reduces risk of picking up or transmitting germs or viruses
- ✓ Gives a gentle reminder, encouragement and guidance in good hand hygiene.
