

SMEG OPEN NEW OPPORTUNITIES HefmA PULSE – NOVEMBER/DECEMBER 2015

Based on the best selling ALFA43UK, Smeg have launched 2 new models – ALFA45UK and ALFA45MFPGN – featuring a side opening door, which offers a solution where space is limited and an alternative to traditional ‘drop down’ doors.

The ALFA45UK fan oven is ideal for bread and pastries, whilst the ALFA45MFPGN offers Multifunction capabilities and humidification for roasting – plus a refractory stone for pizza’s.

Both models have a spacious capacity (accepting 4x 435x320mm trays), 50-250°C thermostat and 0-60 minute timer.

Duncan Vipas, Sales & Purchasing Manager at RH Hall adds “Smeg are continually developing their range, combining a precisely designed interior with uniform heat distribution for quick, even baking. More models will be coming to the range soon.”
