MAESTROWAVE CELEBRATES 25 YEARS IN THE INDUSTRY

Leading catering equipment manufacturer Maestrowave is celebrating 25 years in the industry this year. 1982 saw the launch of this brand in the UK and now all these years on this manufacturer continues a solid and successful evolution, becoming a highly regarded name within the foodservice market.

Integrating design, functionality and innovation, the range of products has gone from strength to strength and current sales figures reflect the quality and value the brand has in the marketplace today.

Each product in the range, of which there are now over 70, is designed for ease of operation and cleaning and servicing is met without compromise. The range includes professional microwave ovens, combination microwave ovens, portable hot plates, panini and contact grills, rice cookers and warmers, pizza ovens, slicers, hygiene products and newly launched outdoor solutions – including Outdoor Ceramic Heaters and Cigarette Disposal Units.

The greatest innovation, the Maestrowave Combi models IV and V are the UK's best selling back bar combination microwave ovens – the leaders in their field, they are now more popular than ever - working equally well in skilled or unskilled kitchens and affordable to all foodservice sectors.

Experience gained from over 25 years in the industry and through the strong partnerships forged with development chefs and major food producers has lead Maestrowave products to firmly become "the professional's choice". It is these partnerships and the lengths to which the company goes to understanding its customers in the foodservice industry which reinforces the commitment the company has to providing equipment solutions for every part of a catering operation. Maestrowave has the enviable ability to work closely with its customers to develop bespoke solutions for their individual needs or offer advice on the best equipment to suit their operation.

Maestrowave strives to meet the ever changing needs of a rapidly evolving foodservice arena – by anticipating tomorrow's catering demands, today. Cont'd ...

Maestrowave products are exclusively distributed worldwide by R H Hall Limited and their approved dealers. The entire range is available for immediate delivery from stock on a free next day service and comes with a 'No Fuss' comprehensive 12 month parts and labour guarantee on all products. Some products carry a 12 month immediate exchange warranty.

For the full Maestrowave range visit www.maestrowave.co.uk or www.rhhall.co.uk . Product demonstrations and evaluation trials can be arranged by contacting the R H Hall Sales team on 01296 663400.
