RH Hall Exhibits at the HCA National Conference 2012 (26th & 27th April) - Stands 59 & 60

The Company behind iWave®

RH Hall, the company behind the ground breaking iWave® range of products, will be exhibiting at the conference. RH Hall pride themselves in being specialists in Healthcare catering – mobilization, ward service, retail, vending

and out of hours catering. Products from a toaster to the complete solution are available. As sole distributors for well-known brands iWave Foodservice & Medical Solutions, Sharp, Simply Stainless, Maestrowave, Menu Creator, Smeg

& Crown Verity Professional Foodservice Equipment, representing over 100 brands in all, they are uniquely placed in the cost sector market place, to give unbiased advice on the correct equipment.

RH Hall are approved suppliers and sponsors of Hefma, HCA, NHS Supply Chain and ESPO.

In all RH Hall, represent over 100 brands and hold massive stocks of all the best selling lines - over 10,000 products are available through R H Hall, on a free next day delivery.

RH Hall prides themselves in their ability to produce innovative food service solutions, working in partnership with their client base and is well known as a company who knows the market place.

To further extend this ability they have recently purchased a manufacturing and fabrication business. Named RH Hall Fabrication Services the motto is “if you can sketch it we can make it”. This division was launched at a modern 15,000 sq ft factory in May 2011.

To sum it up, RH Hall are known as the largest and most dynamic approved independent foodservice company of its kind in the UK, who can provide either products off the shelf at lightning speed or create a bespoke food service solution, backed by a guaranteed stock availability and dedicated teams of knowledgeable staff.

They will provide unbiased professional buying advice, backed by a nationwide service, spare parts and technical support second to none.

Continually evolving their products and services to ensure they deliver against expectations.

THEY WILL:

- Listen to customer needs and offer professional advice according to your catering requirements
- Work with the customer to provide solutions for future projects and concepts
- Provide customers with the correct specification to cater for immediate and future plans
- Meet budgets, expectations and deliver on time
- Maintain equipment to ensure reliability and consistency
- Provide the ultimate foodservice equipment distribution package

Head Quarters

- In keeping with the concept of providing the best facilities for their customers R H Hall have their purpose built distribution centre. This 23,000 sq ft facility houses the enormous range of products on offer, allowing for a greater stock holding, expansion into new product ranges, training facilities, an extensive product showcase and the provision to work on new menus.

Ray Hall, Managing Director of R H Hall says “We believe in keeping abreast of industry trends. It is important to work in partnership with major food companies and suppliers. In this way, we can provide not just a piece of equipment, but a complete business solution. We have recently created a new team for our customers called the “food Solution division” to spear head this philosophy. They are experts in creating new concepts, working closely with

these companies and our customers in our extensive 2,500sq ft dedicated development kitchen facility offering a valuable hands-on environment to develop new menus and concepts.” “Our development kitchen provides the caterer with an hands on view of

many makes of convection ovens, ranges and other pieces of equipment. They will receive impartial advice from our team who are there to advise”.
