

## **Maestrowave Combi Chef 7 – Your Intelligent Chef!**

The Maestrowave Combi Chef 7 is a hugely versatile machine, capable of cooking a large variety of foods and includes many innovative features, such as **Menu Creator™** software, which can store up to 99 menu options. Combining microwave speed with conventional fan oven and grill methods, the Combi Chef 7 provides an ideal solution for sites with limited staff levels or compact kitchen areas.

Together with exclusive distributor R H Hall, Maestrowave have created a new video explaining the many benefits of this innovative oven. The R H Hall Food Solutions team demonstrate the wide range of food that can be prepared and explain all the features of the machine in more detail.
