Microwave Masters

R H Hall have been dominating the microwave oven market for over 40 years, building an extensive knowledge of this kitchen essential and supplying more Commercial Microwaves per annum than any other UK distributor - both off the shelf and individually tailored, bespoke solutions. The company is well-established, highly regarded and reliable – with experienced in house Sales, Customer Service and Technical teams. The UK's largest, most knowledgeable and innovative microwave oven supplier – R H Hall stock only models from leading commercial brands – such as Sharp, the UK's no. 1 and Maestrowave – with relationships dating back as far 1983!

Microwaves are an essential part of any commercial kitchen and the latest technology means today's machines are sophisticated and easy to use – producing excellent results in a fraction of the time it takes conventional methods. The versatility of microwaves is often hugely underestimated. From simple, efficient microwave only, to fully automated meal solutions, R H Hall can offer the latest, most versatile products – as well as independent, unbiased advice on the best machine to suit the needs of any operator, the crucial features to look for and those to avoid!

The Maestrowave MW10 is a 1000W machine aimed at smaller operators looking for speed with a reliable reputation. The unique microwave distribution and cavity ensure perfect cooking, backed up by an unprecedented 3 Year Warranty on the Magnetron – the heart of the machine! For larger operators, or those requiring more than just speed, the Maestrowave range also includes combination microwaves such as the award winning Maestrowave Combi Chef 7. This high speed oven is packed with features including Menu Creator 2.0™ software and produces outstanding results at the touch of a button. A total of 11 combination modes, with up to 99 pre-programmable menus ensures consistency. Menu Creator 2.0™ is incredibly easy to use, but full support is available via the Food Solutions team, who can offer menu development services. **A video showing the features & benefits of this innovative product is available at www.rhhall.com**

The range of market leading Sharp microwaves has been exclusively available from R H Hall for over 20 years, backed up by the support of their nationwide dealer network – offering machines from 1000W up to high power 1900W, catering for all foodservice applications. Designed with total flexibility and versatility in mind, all machines have in-built features to help save time and energy. Introduced in 2019, the innovative R7500M uses Inverter technology to provide ultra precise cooking control, with perfect results – particularly when defrosting or cooking delicate foods. This trusted range is backed up by excellent warranty offerings on every model, with a full 3 Year On Site Warranty on their extra heavy duty models –with 3 year magnetron cover on the best selling 1000W R21AT. **The Sharp range is the choice of many of the UK's Leading Operators, find out how you can join them!**

Leading brands are always looking to develop functionality in response to the needs of many consumers. The Maestrowave iWave® system is a prime example of this. Using the latest microwave technology, the system provides a unique, fully encrypted, bar coded meal solution which is suitable for a number of applications including hospital ward service, vending outlets and more. The product is a world first, and available exclusively through R H Hall.

Innovation is at the forefront of R H Hall and today's demanding market - R H Hall work with many of the UK's leading foodservice chain operators to produce bespoke solutions, offering optimum results. R H Hall can also provide much more than just the microwave solution – regularly working

with food suppliers or chefs on menu creations at their 3000 sq. ft. development kitchen, creating and adapting menu's with optimum timings and utilising the preset programmes available.

Consulting and advising operators and food companies on how to get the best results from microwave cooking and regeneration is an intrinsic part of the service that R H Hall offer. Historically there has been some negativity to microwave cooking and by educating operators on the full potential of their equipment, this should be eliminated. R H Hall can demonstrate how tweaking conventional techniques can lead to great results in a fraction of the time it would take with other methods, allowing operators to expand their menu's and diversity of dishes.

Taking things a step further, R H Hall can access their 15,000 sq. ft. fabrications division to produce bespoke items such as branded microwave housing units for vending or self service, increasing customer visibility and ease of use. A complete service – from design to implementation – is available. ***The Total Foodservice Solution!***

R H Hall operate through a national network of approved dealers, along with dedicated National Account and Food Solutions divisions, ensuring there is always the right person on hand to deal with any enquiry! ***So for all your Microwave oven and foodservice equipment needs you only need one number – 01296 663400! You can also email sales@rhhall.com or visit websites www.rhhall.com & www.maestrowave.com***
